**ARCHITECTURAL SIGNIFICANCE** (Describe important architectural features and evaluate in terms of other buildings within the community.)

The Marstons Mills Library is a simple 1½ story cottage enclosed by a gable roof and extended by several ells.

**HISTORICAL SIGNIFICANCE** (Explain the role owners played in local or state history and how the building relates to the development of the community.)

The Marstons Mills Library was founded on 8/22/1891. The building was erected in 1894 on land donated by Robinson Weeks. The cost of the original building was \$425.00 and was financed by a bank mortgage. This was paid for by fairs, ice cream socials, dramatic entertainments, etc. The first library was seven shelves in the Post Office then located below the old Grist Mill. The Marstons Mills Public Library was incorporated Nov. 5, 1947 and after 1960 the collection was organized under the Dewey Decimal system.
